### Article 5

#### Functionality of the Funzone Services

There are 3 short codes linked to the Funzone content service

**141:** This short code is linked to 1 day subscription. The end user sends the key word for the desired service to 141 and gets a SMS indicating the subscription type and then receives the corresponding content.

**142:** This short code is linked to weekly content subscription. The user sends the key word for the desired service content to this short code and gets a message with the subscription type and also content related to the content service subscribed to. The user then gets content for the next 7 days during which his/her subscription is valid.

**143:** This short code is linked to monthly content subscription. The user sends the key word for the desired service content to this short code and gets a message with the subscription type and also content related to the content service subscribed to. The user then gets content for the next 30 days during which his/her subscription is valid.

#### **Article 6**

Price (in local currency)

Daily subscription (Short code: 141): 50 vt /SMS.

Weekly subscription (Short code: 142): 250vt for 7 days content.

Monthly subscription (Short code: 143): 750 vt for 30 days content.

Access to content service menu (short code 177): 4vt.

The subscription amount is deducted automatically from the user's account during subscription. In case of insufficient funds, the user will receive a SMS informing him/her accordingly.

#### **Article 7**

The user can subscribe to all the content services presented in the Funzone content service.

**NB:** The user cannot subscribe at the same time to daily, weekly and monthly for the same content service while his/her subscription is still valid. This means if a user subscribes to daily bible quotes and during the period of validity of this subscription sends the key word BIBLE to 142 or 143 he/she will be informed that they are already subscribed to daily bible quotes.

The user can only switch subscription after the expiry date of the current subscription.

#### **Article 8**

Un-subscription: The subscription ends automatically when the subscription period elapses. The user is free to renew or not to renew their subscription.

#### **Article 9**

Re-subscription: After expiration of the subscription, the end user can re-subscribe simply by sending the key word to the designated short code for which they intend to receive content.
